Casabella Clean Water Spin Mop

Features two buckets that allow for separation of clean and dirty water, making it easier to carry clean bucket to the sink.

It has an easy-to-use pedal spin, is simpler to fill in any sink, convenient nesting buckets and removable splash guard. The built-in cleaning solution ratio cup gets the ratio right, saving cleaning solution; the visible max fill line allows up to 1 gallon. Double handles combine to form one with a comfortable grip.

Evercare Duo Pet Hair & Lint Remover

The Evercare Duo Pet Hair & Lint Remover has dual-sided combs that allow for the use of each comb for different needs. The metal comb can help with deep cleaning needs on carpet, furniture and other sturdy/rough fabric, while the delicate comb is ideal for use on clothes made with cotton, knit or other thin fabrics. The dual-sided roller is reusable and easy to use.

GoodCook BestBake MultiMeal Bakeware

Introducing GoodCook BestBake MultiMeal Bakeware: the all-new cookware designed for personalized meals with multiple baking sections on one pan. Made of heavy-duty steel for better warp resistance and strength for all your custom recipes, the bakeware allows for easier prep time, oven time and cleanup time, and boasts nonstick coating for easy release. Durable nonstick coating is safe for use with a metal spatula, and its textured base allows for added strength and even heating.

GoodCook ProEase Cookware

Cookware line includes thoughtfully designed pots and pans with ergonomic handles and knobs. The matte finish and red accents are trend forward, while the pans boast a durable-forged shape aluminum vessel for even heat, strength and warp resistance. The nonstick aluminum offers fast and superior cooking and easy release that makes cleanup a breeze. Other features include comfortable, stay cool handles for a safe grip, tempered and vented glass lids for easy monitoring.

EVOLV Cutting Boards with Renewable Materials

EVOLV cutting boards are made with durable poly combined with renewable materials – ground coconut shells or flax husks. Rest assured,

these natural fibers are being "upcycled" instead of just ending up in a landfill as an agricultural byproduct. The boards are food-safe prep surfaces that are dishwasher safe, BPA free and gentle to fine kitchen knives. Naturally Dexas is evolving food prep and presentation surfaces to a new level!

ice•ology clear ice system

ice•ology is the scientific pursuit of an elevated cocktail experience. For the discerning connoisseur of premium spirits and craft cocktails, only a clear ice cube will do as a means of controlling both temperature and dilution. ice•ology takes all the guesswork out of creating perfectly clear ice at home.....simply fill with tap water and place in freezer for 12 hours. All of the scientific properties of slow, directional freezing have already been mastered.

Snack & Distract Licking Mat and Slow Feeder

Sometimes you just need your dog to chill out and relax, particularly during grooming or bathing. The Snack & Distract licking mat provides a challenging pattern of small, soft bristles with "tri-nibs" that provide extra stimulation to ease a dog's anxiety or boredom. At the same time, you can provide a healthy and long-lasting snack to keep them occupied, like peanut butter, yogurt or dog food. A catch tray catches all drips or spills!

Prep-Tech Cutting Board with Integrated Food Scale

This versatile "smart" cutting board does it all: improves culinary skills and assists with healthier eating through portion control. Made with eco-friendly bamboo, the board features an integrated kitchen scale for precise measurements of ingredients. It also has a built-in tech slot that can hold a smart phone or tablet at the perfect viewing angle. New recipes and cooking videos can be viewed and paused easily while you practice your culinary creativity!

Fluicer

Fluicer is an easy squeeze citrus juicer that folds completely flat for space-saving storage with no bulky humps

or bumps to try to fit into a drawer. Its unique folding action squeezes fruit from the outside and from the inside out for maximum juice extraction. Fluicer's long handles create additional leverage and use larger muscles in your arms for effortless juicing. Its integrated seed catcher strains juice and creates a funnel to direct juice flow.

Mini Flisk

Mini Flisk twists to create 3 whisks from 1 – a mini balloon whisk for whipping, a sauce whisk for shallow liquids and a flat whisk for scrambling eggs. Mini Flisk folds completely flat for space-saving storage that won't get tangled up with other tools. To clean, simply twist Mini Flisk into a flat whisk, scrape off excess ingredients and put it in the dishwasher with no disassembly required.

Ograte

Ograte is a two-sided speed grater. The bottom side blades grate in a circular motion for speed grating foods like carrot and zucchini, and includes a guide rim for easy grating in either direction, while top side blades grate in both an up and down motion for efficient grating on a large plane for foods like cheese. The safety cover snaps on to protect both sides of the blades for worry-free storage in a drawer.

Sharple

Sharple is a swivel peeler with an in-built ceramic sharpener that hones and sharpens its blade every time the protective cover is opened or closed. Sharple's razor-sharp Japanese stainless steel blade is designed to last a lifetime, swivels to minimize waste and will never rust in the dishwasher. Its clever handle profile provides maximum control for both left and right-handed users, and features generous drainage channels to ensure ease of cleaning and drying.

STEELPORT 3-Piece Essential Knife Set

STEELPORT's 3-Piece Essential Knife Set features the three most used knives in the average home kitchen, sold in

a custom box set: 4" Paring Knife for in-hand or small finer work on the cutting board with a high level of maneuverability and application; 8" Chef Knife for jobs large and small in any kitchen; and 10" Bread Knife with a custom wavy serration for hard crusts, soft loaves, BBQ brisket and more.

STEELPORT 8" Chef Knife

The 8" Chef Knife is the first and flagship offering from STEELPORT, with custom knifemaker features like solid one-piece traditional drop forged construction of American 52100 Carbon Steel, integral bolster, proprietary differential heat treatment to achieve unmatched 65HRC hardness at the blade for maintained sharpness with a softer 30HRC spine for durability, hand-polished smooth bolster and spine for supremely comfortable pinch-grip hold and a gorgeous resin-stabilized Oregon Big Leaf Maple Burl handle.

STEELPORT Bread Knife

One of the only premium, handcrafted bread knives on the market, and arguably the best bread knife in the world. The STEELPORT Bread Knife features a custom wavy serration praised by The New York Times as "well-balanced" with "ease of use that cuts through delicate loaves as easily as crusty ones, slicing but not crushing." Less destructive to both food and cutting board, it's also ideal for brisket and other BBQ meats.

STEELPORT Knife Block

The STEELPORT Knife Block is for design-forward home cooks who want a non-restrictive, well-made block to proudly showcase their knives. Both highly functional and attractive, this magnetic easel-style Block features a steel base for durability and strength, while the patented curved base design creates clearance to fully and safely grab the knife handle. The elegant, rounded Oregon Black Walnut faceplate gives each block a one-of-a-kind, naturally unique character, color and pattern, instantly elevating your kitchen.

Handles

Fifteen years ago we invented ceramic nonstick cookware. With GP5, we've perfected it. This stainless-steel collection is a class all its own with all-new 5-ply bodies optimized for remarkable performance.

GreenPan Premiere Ovenware

A remarkable ceramic nonstick coating, a unique heavyweight gauge and one-piece design create the single best way to cook in the

oven. This pioneering ovenware is crafted from cast aluminum to deliver quick, even heating and remarkable durability. The unique heavyweight gauge prevents warping and popping to deliver years of sweet and savory meals. Rediscover oven cooking with this endlessly versatile ovenware perfect for classic casseroles, family-sized lasagna, slow roasted meats and so much more.

GreenPan Premiere XL Smoke-less Grill & Griddle

Designed to reduce smoke during indoor grilling, our XL Smoke-Less Grill & Griddle lets you grill without worry. Beef, poultry, fish and pork settings

automatically adjust temperature to reduce smoke without reducing flavor. The expansive cooking surface is a full griddle, full grill or a versatile mix. The removable plates are dishwasher safe for easy cleanup. Thermolon™ Volt ceramic nonstick coating is made specifically for our electrics and free of PFAS, PFOA, lead and cadmium.

GreenPan Walnut Cutlery

Crafted from recycled steel and eco-friendly walnut handles to minimize its environmental impact, each blade of this set is cryogenically treated to remove residual stresses, hand sharpened and coated with titanium for long-lasting performance. These knives feature a bonded coating that helps each stay sharper up to 2x longer, plus the coating reduces friction for smooth, effortless cuts. Plus, the flat end cap is perfect for crushing garlic!

BEFORE IT CHANGED EVERYTHING...

IT WAS HERE.

Every now and then a product comes along that becomes iconic in the home + housewares industry. An innovation in functionality or design that captures the hearts and minds of consumers and becomes ubiquitous in households of all shapes and sizes.

But before it was in every consumer's home, it was at the Show.

Over the years, the most game-changing home + housewares products have made their mark in March in Chicago. It was an idea—maybe a prototype—maybe from a company or inventor no one had ever heard of. But the buyers who recognized the potential early brought competitive differentiation and consumer loyalty to their stores.

Somewhere on our Show floor is the next game-changer. You can find it, or your competition will.
